# DYNAMICS 365 HUMAN RESOURCES

## Go beyond traditional human resource management.

Create a workplace where people and businesses thrive with Dynamics 365 Human Resources, the HR solution that helps you take better care of your teams.

Microsoft Dynamics 365 Human Resources empowers your human resources team with the tools necessary to hire the best candidates and successfully accelerate the recruitment process.

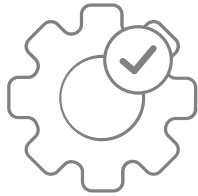

By adding the Dynamics 365 Human Resources module to your HR architecture, you are unleashing the power of the Microsoft Cloud by creating a more secure, intelligent, and interconnected organization.

## Main Functionalities:

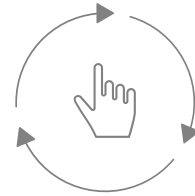

- **Transform employee experiences** - Help employees get the information they need, autonomously, through easy-to-use HR self-service tools.
- **Optimize HR programs** - Simplify and optimize benefits, compensation, leave and absence, certifications and training, and compliance programs.
- **Increase organizational agility** - Be ready to adapt with a secure and scalable HR solution that is easy to adapt, expand and associate with your existing systems.
- **Discover workforce insights** - Make better decisions by centralizing your workforce data and using built-in analytics to discover valuable insights.

# DYNAMICS 365 HUMAN RESOURCES

## Capture the best talent with Dynamics 365 Human Resources

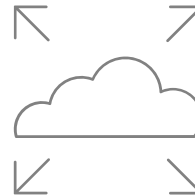

Easy setup and integration

Access anytime, anywhere

Intuitive user experience

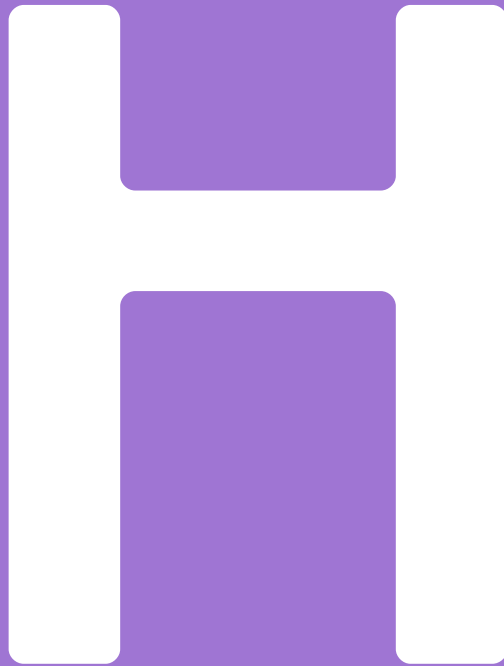

Flexible and expandable platform

Predictive information and analysis

## Hire, integrate and retain people who can deliver results with impact

Free yourself from the barriers that prevent you from winning the best talents and promote your success. Modernize recruitment, candidate monitoring and employee integration by linking the HR system to IT, people to insights, and business to growth.
